Smelter City Business Men Promise To Aid State Highway Plans.

Pueblo, July 21.—At a special meeting of the Pueblo Business Men's Association held here tonight, assurance was given representatives from Trinidad and Las Animas county that the city and county of Pueblo would aid in the effort that is being made to keep up the work on the Colorado State Highway. The resolutions drawn up by Arthur C. Jackson, president of the National Good Roads Congress which petition the chief executive of the state to exercise his powers in issuing emergency warrants in the sum of \$5,000 were endorsed. Assurance was also given that Pueblo would send representatives to Denver to use their influence in the matter. Trinidad was represented by Senator Casimero Barela and City Engineer Lewis. Mr. Jackson left earlier in the day for Colorado Springs and Denver to arrange meetings similar to the one tonight. Mayor West, who was present at the meeting, was heartily in favor of the resolutions adopted by the Trinidad Chamber of Commerce and promised whatever assistance within his power.

FLEET DELIGHTS EXILED LEPERS

Honolulu, July 21.—The battleship Minnesota will remain behind when the rest of the fleet sails for Australia, awaiting the mail for the fleet which will arrive on the Virginia.

The crew of the Nebraska, officers and men, have passed the bacteriological examination and the whole 950 have been released from quarantine restrictions. The ship is also released. Nine suspects were transferred to the ship Relief.

A letter received from Brother Dutton at the leper settlement, on the island of Molokai, expresses the thanks of the unfortunate residents on the islands for the opportunity given them to view the fleet as it passed on the way here.

The missive is addressed to Admiral Sperry and Governor Frear and says that the inherent patriotism in the inmates of the hospital has been brought to the surface and that they salute Uncle Sam very affectionately. "Our people are growing better acquainted with Uncle Sam," says the letter, "and better satisfied to be Americans."

SLIGHTLY HURT IN FALL FROM TRAIN

Trinidad, Colo., July 22.—Special—While traveling with her parents from Denver to Douglass, Arizona, a three-year-old girl fell from the window of a south-bound C. & S. passenger train Monday night near Barela while the train was running at a speed of thirty miles an hour, and escaped with slight injuries. The frantic mother saw the child as her skirt disappeared through the window and grabbed the bell rope. The news was flashed through the train which was stopped and backed up to where the child lay, everyone expecting to find her dead but she escaped with a broken rib and a fractured collar bone. A physician at Palsom attended the injured child and the family continued their journey.

The names of the family were not reported to the local office here in the account of the accident.

INSURED AGAINST THE BLACK HAND

New York, July 21.—A new form of freak insurance recently issued by Lloyds of London, is "Black Hand" insurance, which has recently been taken out by leaseholders in New York in the district where dynamite outrages have been most frequent, for the reason that ordinary fire insurance is no protection against damage from explosions unless it is followed by an actual fire. It is said that "Black Hand" policies have recently been taken out to cover a number of the Astor tenement house properties in New York.

WRECK; 40 HURT

Chicago, July 21.—Nearly two score passengers on the Chicago & Elgin railroad were injured this morning in a collision between two trains which were running at the rate of forty miles an hour, near Aurora.

Several of the persons injured in the wreck may die. They are now being cared for at St. Charles and other hospitals in Aurora, all of which have had their capacity taxed since trains carrying the injured began to arrive shortly after the wreck occurred.

The failure of the motorman to obey orders is said to have caused the wreck. According to the story told by victims, a train leaving Elgin this morning on its way to Aurora failed to stop at a switch four miles north of the city. This train was bound for Aurora when a train going to Elgin from that city turned a curve and came head-on into it.

Both cars were going at high speed and a terrific crash was the result. Both coaches were thrown partly from the track and were telescoped. Few of the passengers on board escaped injuries of some kind. Many of those hurt were women, who composed about one-half of the passengers.

One man reported as fatally injured is Louis Gretencourt. George James, county attorney of Kane county, sustained a broken leg.
